The brand new edition of Percy Jackson's Guide to the Greek Myths might not be on shelves just yet, but it's definitely available online from websites like torrents, Pirate Bay, Kickass Torrents, Fenopy and more. This is a good and bad thing. On one hand, you can get free and unlimited access to this guide instead of buying the ebook or paperback edition. On the other hand, it is illegal and ethically wrong to download or read a book that you don't own. The Guide (pdf) is readily available on the web, but if you want something easier to read like epub format, then I recommend getting it from my favorite legit website: http://mythology-class. com/percy-jackson-ebook-pdf/ . You can get the torrent file of the ebook on the Pirate Bay website at https://thepiratebay.se/torrent/11040199 .
